Book 5, Page 36

Description: This appropriation provides funding for personal services and expense and equipment for Children's Service Workers and support staff in each of the 46 Judicial Circuits in the State of Missouri. Front line staff respond to allegations of child abuse or neglect; provide assistance for families in need of services to keep or return children home safely; secure appropriate out-of-home placements for children placed in the Division's custody; and locate permanent homes when it is in the best interest of the child. The Missouri Children’s Division (CD) was initially accredited by the Council on Accreditation (COA) in 2010. COA requires agencies to go through the reaccreditation process approximately every four years. CD has maintained accreditation since 2010 and has been through the reaccreditation process two times starting in 2014 and 2018. In summer of 2023, CD has decided not to seek reaccreditation.

Book 1, Page 81

Description: In 2023, Senate Bill 186 was passed and the Children’s Division (CD) anticipates a fiscal impact for the required diligent search in this legislation. Under Section 210.795, this will require that a child in the care and custody of the CD whose physical whereabouts are unknown to CD, the child’s physical custodian, or contracted service providers shall be considered missing, and requires the case manager or placement provider to immediately inform a law enforcement agency having jurisdiction and the National Center for Missing and Exploited Children (NCMEC) within 2 hours of discovery that the child is missing.

Section 11.320 – Children’s Division – Team Decision Making

Book 5, Page 90

Description: Team Decision Making (TDM) is a core element of Children’s Division’s practice model. This evidence-informed process is supported by the Annie E. Casey Foundation. At the core of the model is a belief that placement-related decisions (whether initial removals or moves with the foster care system) should be made by a team of people who are closest to the child. This includes relatives, neighbors, the child welfare agency and community partners.

Section 11.350 cont. – Children’s Division – Crisis Care

Book 5, Page 186

Description: This section provides funding for temporary care for children, whose parents/guardians are experiencing an unexpected crisis or emergency that requires immediate action resulting in short term care, and without this care, the children are at risk for abuse and neglect or at risk of entering state custody. Crisis care services are designed to alleviate the immediate stress and to enhance the families’ capability of preventing future crisis or emergency situations from occurring. Crisis Care providers serve children ages birth through 17 years of age. Some examples of crisis or emergency situations include unexpected hospitalization of a parent or another child in the home, unexpected incarceration of one or both parents, death of one or both of the parents, or leaving no one immediately available to care for the child or children. Lack of food, utilities, shelter, domestic violence, overwhelming parental stress, and other crisis situations that jeopardize the immediate safety and well-being of the child or children are also examples of crisis or emergency situations. Some families have minimal support systems to rely on n times of crisis, crisis care assists these families in overcoming their current crisis situation and building future support networks to assist in times of need.

Section 11.355 cont. – Children’s Division – FFPSA Other Expenses & Equipment

Book 5, Page 197

Description: The purpose of the funding allows the Children’s Division to support activities directly associated with the implementation of the Family First Prevention Services Act (FFPSA) by October 1, 2021. FFPSA requires states to adequately meet the needs of children and families by offering preventative services to assist children to remain safely in their homes and ensuring children in care are placed in the least restrictive, most family-like setting appropriate to the child’s special needs when foster care is needed. For the purposes of Title IV-E Prevention Services, children identified as being candidates for foster care are those at imminent risk of entering foster care; however can remain safely in the home with family engagement in supportive services to address mental health, substance use, or in-home parenting services. Eligibility for Title IV-E Prevention Services must be defined in each child’s prevention plan.

Section 11.360 cont. – Children’s Division – Foster Care Outdoor Program

Book 5, Page 238

Description: The outdoor program is designed to offer therapeutic learning opportunities and rehabilitative outcomes for youth in foster care through backpacking trips; adventure activities such as climbing and caving; wilderness trips; low and high ropes challenge courses; primitive skills; and camping. Adventure activities are designed to be a catalyst for inspiring change in character and integrity in the children served. In a relatively short period, children in these programs experience perspective changes and gain increased efficacy, vision, and hope. The General Assembly appropriated funding for placement costs for a residential licensed or accredited "Outdoor Learning" program in South Central Missouri for the treatment of foster children.

Book 5, Page 267

Description: Family First significantly changes federal reimbursement for residential treatment. In order to receive Medicaid reimbursement for the placement, the child must be placed in either a Psychiatric Residential Treatment Facility (PRTF) or a QRTP that is not designated as an Institution for Mental Diseases (IMD). Center for Medicare & Medicaid Services (CMS) guidance has clarified that services provided to children residing in QRTPs would be excluded from federal matching dollars if the QRTP is determined to be an IMD.

Section 11.415 – Children’s Division – Transitional Living Program

Book 6, Page 392

Description: The purpose of the Transitional Living Program (TLP) is to facilitate moving youth from structured family or residential settings to adult independence in group homes, apartments, or with advocates. These funds are paid directly to the youth in the advocate program, and to contractors for group home and apartment programs. Youth in TLP are typically moving from a residential treatment program to a planned permanent living arrangement. The program provides oversight, life skills teaching, and supervision to ensure the transition is successful.

Section 11.440 – Children’s Division – Child Abuse and Neglect Grants

Book 6, Page 450

Description: The Children's Division (CD) receives the Child Abuse and Neglect (CA/N) Basic Grant and the Children's Justice Act (CJA) Grant. The guidelines for the federal grants specify criteria that must be met, and specifies limitations for how the funds can be expended. The CA/N Grant must be used by states for improving child protective service systems such as the intake, assessment, screening, and investigation of reports of abuse and neglect; creating and improving the use of multidisciplinary teams and interagency protocols; developing, improving, and implementing safety and risk assessment tools; training related to improving staff skills, and supporting collaboration among and across agencies. The CJA Grant must be used to improve the investigation, prosecution and judicial handling of cases of child abuse and neglect, particularly child sexual abuse and exploitation in a manner that limits additional trauma to the child victim. Funds are typically used for developing curricula and conducting training for personnel in law enforcement and child protective services; establishing and enhancing child advocacy centers and other multidisciplinary programs; and establishing and supporting local and state child fatality review teams.
